Subject: example of questionnaire from Clean Harbors
Attachments: Profile Template.pdf

Omer, as a follow up to our discussion, see page 2 question on "regulated by TSCA" from Clean Harbors. That question is tripping us.

Can the Port answer " No, not regulated by TSCA 40 CFR 761", for soils that are between 0.55 and 50 ppm" ? And that would allow Clean Harbor to accept the soil based on its RCRA or Ca Haz characteristics.
